

ALCOHOL REMOVED ROSÉ SPARKLING

Description of the product In 2011 we launched our first alcohol free sparkling drink after two years of technical and market research and winemaking trials. In 2016 we have renewed this product to find the perfect updated profile for an innovative product in a growing market.

Analysis Ehtanol: < 0.05% vol.

Total Acidity (expressed in Sulphuric): 3,30 g/l

Residual Sugar: 54 g/l

Ingredients De-alcoholised wine, rectified concentrated grape must, carbon dioxide, antioxidant: sulfur dioxide, preservatives: potassium sorbate and dimethyl dicarbonate, stabilizer: arabic gum, colour: anthocyaninnes, flavouring.

Tasting note The color is very attractive pale pink with persistent bubbles. On the nose there are mainly wild berries such as raspberry and strawberry, along with floral notes and tropical fruits. On the palate it is especially fruity, fresh and pleasant. It fills the mouth, expressing the good quality of its raw material. The very well balanced acidity and the medium size bubbles produce a very refreshing mouth feel.

Recomendations Serve between 5 and 8°C. Store it in an upright position and constant temperature, away from light and vibration. It is ideal for appetizers.

Best before Consume preferably within 24 months after the date of production.
