Mía

BARCELONA

# SANGRÍA

## WHITE FRIZZANTE

The Sangria is a famous and typical Spanish drink. Mía Sangria White Frizzante is a refreshing blend of white wine and fruits served with ice.

### BASE WINE INFORMATION

Grape variety: Macabeo

Viticulture area: Castilla La Mancha

### ANALYSIS

Wine-base aromatized drink

Alcohol: 7,50% vol.

Acidity: 3,60 g/L

Sugar: 80 g/L

### TASTING NOTE

The colour is bright pale lemon. The nose is very refreshing, highlighting the lovely combination of lemon and orange. The balance between the characteristics of the wine and the fruits is extraordinary and reminds you a very well made Sangria served at Spanish bars. On the palate you will notice light fine bubbles, which make this Sangria a very inviting drink. The citrus fruits of this Sangria are very fresh and give a pleasant finish.

### GLORIA'S TIP

I love making my country's famous Sangria. It's the perfect drink when friends come round. To enjoy, just chill, pour over ice and perhaps add a little freshly cut fruit. Salud!
